

Notification of the 6th Asian Welding Technology and Its Application Forum

1. Introduction

The Asian Welding Technology and Its Application Forum of Asian Welding Federation (AWF) is aimed to promote advancement of Asian welding technology and its application. It was first held during the AWF meeting in Manila, capital of the Philippines in October 2016. The 2nd, 3rd, 4th and 5th one were held successively in Hanoi, Vietnam in April 2017, Haining, China in October 2017, Zhuzhou, China in June 2018 and Yangon, Myanmar in October 2018. And the 6th one will be held in Kuala Lumpur, Malaysia in April of 2019, concurrently with the 31th AWF meeting.

2. Hosts

Asian Welding Federation (AWF)

Malaysia Welding and Joining Society (MWJS)

School of professional and Continuing Education of University of Malaysia
Technology (UTMSpace)

3. Time & Venue

Time: 8:00–18:00 April 24-25, 2019

Venue: UTMSpace, University Technology Malaysia (UTM)

kuala Lumpur, Wilayah Persekutuan

4. Topics

- Advanced welding technology, equipment, materials and processes
- Big data in welding, welding robot, intelligent manufacturing and its application
- Additive manufacturing and remanufacturing, 3D printing technology, overlaying and surface engineering
- Anti-wear, anti-corrosion and heat-resistant processes, equipment and application
- Welding technology training, certification and competition
- Welding pass inspection technology and equipment
- Welding quality management and standardization
- Other advanced manufacturing technology, equipment, materials and processes

5. Main activities

1) Papers and presentations

This forum calls for papers on research and applications of welding technology and related aspects. If you are engaged or interested in welding, no matter from member countries of Asian Welding Federation (AWF) or other countries, you are warmly welcomed to submit the outline or full text of your paper as required to arciwc@126.com before April 10, 2019.

The authors, whose papers are selected, will be sincerely invited to this forum for discussions and presentations.

2) Exhibition

A welding technology exhibition will be held during this forum. Anyone who has interests in it can participate with posters, videos, material objects, etc., and please register in and submit relevant materials to arciwc@126.com before Mar. 16, 2019.

6. Concurrent Event

The 31th Asian Welding Federation (AWF) Meeting in April 25-27, 2019 in Malaysia.
